Dear Mr Ellery

**Re: Christine Ann WILLIAMSON (deceased)
Inquest at Telford Registry Office on 16th December 2013
The Council's Action Plan following Regulation 28 report, to prevent future deaths**

I refer to your letter of 18th December 2013.

Following the above Inquest and the Council's receipt of your Report under Regulation 28, we have compiled a plan of action, which is submitted to you as directed, along with this letter.

The planned actions, most of which are already well under way to implementation, build upon those recommended by [redacted] in his Domestic Homicide Review report, which was available to the Inquest. The plan was drafted by senior representatives of the Council's Adult Assessment and Case Management, Adult Safeguarding and Community Cohesion services, and endorsed at a meeting of the Senior Management Team on Monday 3rd February 2014.

Going forward, it has been agreed that the implementation of the action plan will be formally monitored by the Safeguarding Adults Board for Shropshire and Telford & Wrekin, in pursuance of its remit as the body which brings together all the organisations within the local adult safeguarding partnership.

I trust that this meets with your approval.

Yours sincerely

[redacted]
Managing Director
