Dear Mr Osborne

RE: Regulation 28 Report to Prevent Future Deaths following the inquest into the death of Michael Richardson

Thank you for your report dated 24th March 2015 following your inquest into the death of Mr Michael Barry Richardson.

I understand that you have made this report under paragraph 7, schedule 5, of the Coroners and Justice Act 2009 and regulations 28 and 29 of the Coroners (Investigations) Regulations 2013.

We have considered the issues you raised with regard to MUST risk assessments to assess nutritional status and we have developed an action plan to address the weaknesses identified. I have attached a copy of this action plan, which includes the actions we have already taken and those we plan to take, including timescales and responsibilities. This action plan will be monitored by the Trust's Patient Safety and Effectiveness Committee, chaired by the Director of Nursing, Quality and Patient Experience.

I would like to thank you for bringing your concerns to my attention. Please do not hesitate to contact me if you require anything further.

Yours sincerely

Christine Allen
Chief Executive
