Date: 7th March 2017 OUR REF: [REDACTED] YOUR REF:

Dear Dr.Napier

Re: David Holman (Deceased) - Regulation 28 report.

Thank you for your letter dated the 30th January 2017 which relates to David Holman (Deceased). I am responding to you on behalf of our Chief Executive, Mike Suarez, who is aware of your letter.

I refer to the individual Matters of Concern that are contained within the letter.

Regarding the road sign that has a support post situated in the footway; Works are programmed to remove the sign assembly and to relocate it away from the footway.

Another area of concern was the dip in the kerb edge/height; Works are programmed to re-kerb this length, this will provide a higher consistent kerb height at this location.

The above works are programmed to be undertaken using a lane closure on this very busy road to ensure that safe working practices are observed. With the obligatory permitting of works and the application for road space process it is envisaged that the works will commence in early Spring 2017.

It has also been scheduled for the Road Safety Team to make a complete Safety Assessment of this stretch of carriageway with regards to the provision of a cycleway.

I trust the above addresses your matters of concern.

Yours sincerely

A handwritten signature in black ink, appearing to read "Frank Jordan", written over the words "Yours sincerely".
