Dear Ms Mundy

Ellie Jay CHAPPELL (Deceased)
DOB: 13.01.1995 – DOD: 02.01.2017

I refer to your Regulation 28 report dated 14 June 2017 and sent to Doncaster MBC, further to the conclusion of your inquest.

I am [Redacted] Head of Service, with responsibilities for Waste and Highways Infrastructure at the Council.

As you are aware, the Council was not a party to the inquest. Accordingly, on behalf of the Council, I would like to firstly take the opportunity to express condolences to the family for the loss they have suffered as a result of this tragic incident.

The Council has noted your concerns regarding the absence of signs to warn of the potential for slippery road conditions. We are not aware of any previous concerns being raised by South Yorkshire Police. However, we are always willing to consider matters relating to road safety. Accordingly, in light of the concerns you have identified, I can confirm that arrangements are being made for the provision of warning signs, and it is anticipated that these will be installed by the end of September 2017.

Yours sincerely

[Redacted]
Head of Service Waste and Highways Infrastructure
