Dear Mr Walsh

RE: TERENCE RYAN – DECEASED.

I enclose copies of our Repeat Prescribing Protocol this includes the 'Protection on Prescribing' including hospital letters.

I also enclose a copy of our Scanning Protocol.

The GPs and Practice Managers have studied the Protocols and these have subsequently been discussed at our Practice Meeting on the 2nd of October and I enclose a copy of the minutes for your perusal.

We have also had a meeting with all our Receptionists and Nurses and I enclose a copy of the minutes of this meeting also.

A further meeting will be arranged in three month's time to review how the Prescribing Protocol has been working within the Practice.

If you feel there is any further information you require I would be happy to provide this.

Yours sincerely

Dr S.M. Martin
