**PRIVATE AND CONFIDENTIAL**

**FAO: Dr Robert W Thomas**

Senior Coroner  
Coroner's Court  
St Katherine's House  
St Mary's Wharf  
Mansfield Road  
Derby, DE1 3TQ

**By First Class Post**

Dear Dr Thomas,

**Re: Regulation 28 Report to Prevent Future Deaths**

Further to the Regulation 28 Report provided to Ms Cecilia Banjoko, please find enclosed a copy of her reflective piece following the Inquest in this matter.

Please consider this as the member's response to the Action Points requiring addressing within the Regulation 28 Report.

Within her response, Ms Banjoko explains the processes involved in performing CPR in various circumstances, how to deflate a mattress in an emergency, and the importance of deflating the mattress to ensure that CPR is performed on a flat, hard surface. Ms Banjoko is also aware of why there is a need to deflate mattresses in emergency situations.

Ms Banjoko continues to remediate her practice and address any concerns there may have been with her practice at the time of the incident and she continues to undertake mandatory training and has completed basic life support training, including a practical assessment in CPR (enclosed for the Coroner's attention).

The Coroner should also be aware that an NMC referral in relation to this Patient was running concurrently with the Inquest in this matter, and has recently established that there are no further concerns with Ms Banjoko's practice and as such, there is no case to answer and their case has been closed.
