Re: Regulation 28 Report to Prevent Further Deaths - The late Mr Robert Andrew Power.

I am writing in response to your letter dated 10th July 2018. Thank you for acknowledging receipt of information already provided by the Trust dated 18th May 2018.

The information provided confirms the Trust is now working under different systems than in 2008 and that processes have been introduced to arrange follow-up appointments and monitor and manage a patient on an allocated pathway.

Following review of the information provided, I can confirm that the Trust does not have any additional submissions that would assist the Coroner further in this case.

Yours sincerely

Andrea Young
Chief Executive
