Your ref: [REDACTED]

Dear Kally,

**Re; Daniel Geoffrey Fred Bancroft Deceased  
Inquest; 29/09/2020 at the Coroner's Court. Cockermouth**

I have been asked to respond on behalf of the Head of Economy and Highways to the Regulation 28 letter relating to the above matter.

Having examined the report, I wish to advise that the Road Traffic Collision that resulted in the death of Mr Bancroft occurred entirely on the road network that is the responsibility of the Highways England Authority.

The County Council do meet Highways England regularly to discuss road safety matters which are relevant on both networks such as media campaigns and we share the overall objective of reducing serious collisions throughout Cumbria.

Thank you for bringing this to our attention, but in this case Highways England will address the issue raised.

Yours sincerely,

Road Safety Coordinator
