ORDER

UPON an application by the Defendant that the Court sit in private for part of the cross-examination of the Claimant during the trial of this action on 15 June 2021

AND UPON being satisfied that, notwithstanding the importance of the principle of open justice, it is necessary to sit in private for such part of the cross-examination of the Claimant in which it is necessary to take the Claimant to documents which are subject to legal professional privilege as against third parties and/or which contain commercially sensitive information in order to secure the proper administration of justice, and that this part of the hearing involves confidential information and that publicity would damage that confidentiality and that it is therefore appropriate to sit in private for part of the Claimant's cross-examination pursuant to CPR 39.2(3)(c)

IT IS ORDERED THAT:

1. The Court shall sit in private for that part of the cross-examination of the Claimant on 15 June 2021 in which documents which are subject to legal professional privilege and/or otherwise confidential are to be put to the Claimant.
2. There be liberty to any party or non-party to apply on notice to set aside or vary this Order.
3. Costs in the case.
